**PUBLICAMUNDI GEODATACAMP
SCHEDULE**

MAY 30, 2014

18:00- WELCOME

18:15 PublicaMundi overview, goals and achievements
(Spiros Athanasiou)

18:15- PUBLICAMUNDI SOFTWARE STACK

18:45 Short presentation of the various PublicaMundi software components, standards, and services. Our roadmap and development directions

- **CKAN** (*open data management*)
- **CKAN extensions** (*geospatial data*)
- **Rasdaman** (*raster data analytics*)
- **ZOO-WPS** (*OGC services orchestration*)

(Angelos Tzotsos)

18:45- BREAKOUT SESSION INTRODUCTION

19:00 Participants will be split in two teams: *developers* and *data publishers*. We will briefly go through what will follow and set goals for each team

(Spiros Athanasiou)

19:00 - BREAK-OUT SESSIONS

20:30 Developers

OGC services; Data APIs (syntax-examples); web mapping framework (capabilities, examples), proposal & selection of prototype web/mobile apps

(Angelos Tzotsos, Yannis Kouvaras, Nikos Georgomanolis)

Data publishers

Overview of data publishing workflow; Hands-on: publish simple metadata; publish INSPIRE metadata; edit metadata; edit publisher details

(Michalis Alexakis, Thodoris Stratiotis, Stelios Manousopoulos)

20:30- PLENARY DISCUSSION

21:00 Critical review & comments, possible improvements, new features

21:30- BEER MEETUP

Join the PublicaMundi team over a glass of cold beer, and let's talk about open geospatial data and open source software!
